OFFICERS RETIRING FROM SERVICE.

Regulations respecting Military and other Officers retiring from the Company's Service.

Every officer after twenty-five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained; but such pay is to be the same only as that allowed to officers of infantry.

A member of the Medical Board, who has been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, is permitted to retire from the service, and allowed £500 per annum.

A surgeon of a general hospital, or superintending surgeon, who has been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, as above, is permitted to retire from the service, and allowed £300 per annum.

All other surgeons and assistant surgeons attached to the military, are permitted to retire from the service on the pay of their rank, after having served in India not less than twenty years, including three years for one furlough.

A surgeon having served twenty years on the Company's establishment in China, including three years for one furlough, is allowed to retire on a pension of £200 per annum.

An assistant surgeon, after the said period of service, who shall not have attained the station of head surgeon, is allowed to retire on a pension of £150 per annum.

A chaplain after eighteen years service in India, (ten of which at a military station,) including three years for one furlough, is allowed to retire with the pay of major.

A chaplain after eighteen years service on the Company's establishment in China, including three years absence on furlough, is allowed to retire on a pension of £200 per annum.

A chaplain having served ten years in India or China, whose constitution will not admit of his continuing in the service, may retire on the half-pay of major; after seven years on the half-pay of captain.

A commissary, or deputy commissary of ordnance, not being a commissioned officer, is allowed to retire on full pay, if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty two years, seventeen years of which in the ordnance department.

A conductor of stores is allowed to retire on £60 per annum after twenty-five years actual service in India.

Every lieutenant-colonel, major, captain, or captain-lieutenant is allowed to retire with the *half pay* of the rank to which he has attained, in case his health shall not permit him to serve in India; but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

RETIRING REGULATIONS.

liii

A lieutenant having served thirteen, or an ensign nine years in India, including three years for a furlough, may retire on the *half pay* of his rank, in case his health shall not permit him to serve in India.

A subaltern officer, or military assistant surgeon, having served six years in India, is permitted to retire on the *half pay of ensign*, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of *twenty-two years*, without having a furlough; in that case he is allowed *two* years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service after two years furlough, will be considered to have retired at the expiration of two years from the date of their landing in England, unless they shall have previously obtained an extension of their furlough, and officers who shall retire after having obtained an extension of furlough, will be considered to have retired from the date of the expiration of such additional furlough, or from the time when the requests of such officers to retire or resign are laid before the Court, which ever shall happen first.

FURLOUGH REGULATIONS.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to assistant military surgeons. The furlough to be granted by the commander in chief at each presidency, with the approbation of the respective governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A chaplain after seven years residence in India is allowed to come home on furlough and receive the pay of major. Should he come home from sickness prior to this period of service he is allowed the pay of captain only.

A conductor of stores is allowed furlough pay, only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years furlough, unless they shall have obtained an extension of leave from the court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the Court that a further residence in Europe is indispensably necessary.

All officers finding it necessary to solicit a further leave of absence, on account of sickness, must transmit with their letter of application for such leave, a certificate signed by at least two gentlemen, eminent in the medical profession, describing the nature of the applicant's complaint, and stating it to be their opinion that the circumstances of the case render a compliance with his request absolutely necessary. Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of sickness, are to furnish a certificate of two eminent physicians, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence under the Act of the 33 Geo. III. cap. 52. sect. 70.

Every officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India, excepting colonels of regiments, and those of the rank of lieutenant colonel regimentally, when promoted to that of major general; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

*** For the Retiring and Furlough Regulations of the St. Helena Establishment, see page 361.*

POPLAR FUND.

Regulations for the Admission of Pensioners.

That any commander, officer, seaman, or other person, who has served on board either the Company's own or freighted ships, or on board any ships or vessels belonging to the Company, employed to or from India or China in the conveyance of dispatches, or on board the Company's pilot sloops or regular hoys in the river Thames (Hoy-masters excepted), and has served therein the full term of ten-years, or has performed six complete voyages to and from India or China on board one of the Company's own or freighted ships, and has regularly contributed to the Fund, and shall in every respect appear to the Committee of Shipping to be a proper object for relief, shall be eligible to a pension, except as hereinafter-mentioned.

That no commander, officer, or petty officer, shall be allowed the amount of pension attached to his station, unless he shall have served one complete voyage to and from India or China in that capacity; nor shall the widows or children of those persons be allowed the pensions to which they would be entitled from their husband's or parent's rank, unless as before-mentioned.

That the time of service be ascertained from the periods each person shall appear to have been borne on the different ships' books, in any and every station whatsoever.

That any person who shall desert, or quit without leave, the ship on board which he had engaged to serve, shall forfeit all claim to a pension from the Fund; notwithstanding such person would, in other respects, have been eligible under these Regulations.

That no applicant for relief be allowed a pension, unless such person shall first appear before the Committee of Shipping; except in case of age or infirmity, certified upon oath by one or more persons, if required, of known character, in the neighbourhood of the petitioner.

That any person who shall have ceased to be employed in the Company's sea service, five years previous to presenting a petition for relief, shall not be allowed a pension, unless recommended by the unanimous report of the seven members of the Committee of Shipping, and confirmed by eighteen out of the twenty-four members of the Court of Directors.

That every person (commander excepted), on making application for relief, shall produce a certificate from the last commander with whom he sailed, or the next officer in rank who may be living and in England (in the event of the decease of the commander), of his being incapable of doing any further duty at sea, accompanied by a joint certificate from the Company's examining physician and surgeon to the same effect; and shall also produce satisfactory testimonials of good conduct when last employed in the Company's service.

That any person in the Company's sea-service who shall be maimed or wounded in the defence or in doing the duty of the ship, so as to be thereby rendered incapable of further service at sea, may be allowed the pension of his rank, at the discretion of the Committee of Shipping, without reference to his time of service.

That the widow of a commander, officer, seaman, or other person, who shall have served on board the ships and vessels mentioned in the first clause of these regulations the full term of eight years, or five complete voyages to and from India or China, and regularly contributed to the Fund, shall (except as hereinafter-mentioned) be eligible to a pension.

That no widow shall be allowed a pension, unless she shall have been married before the husband ceased to be employed in the Company's service.

That no widow of a petty-officer or seaman shall be allowed a pension, who shall be under the age of forty years; unless, upon

satisfactory certificates, it shall appear that she is incapable, from illness or infirmity, of getting a livelihood.

That no widow shall be allowed a pension, who shall not produce satisfactory certificates that she is in indigent circumstances, and appear to the Committee of Shipping to be in every respect a proper object of compassion.

That such persons who may receive parochial relief at the time of making application be required to state the amount thereof; and that the Committee of Shipping, in all such cases, exercise their discretion in respect to any deduction from the annual pension.

That if any widow admitted a pensioner shall marry again, her pension shall cease from the day of such marriage.

That the children of a person entitled to a pension, or whose widow is entitled to a pension, be each allowed a pension, in addition to that granted to the parent; except as hereinafter-mentioned.

That the children of a person whose father and mother are both deceased, or whose mother may be living and not entitled to a pension, and whose father was employed in the Company's sea-service, either at the period of or within three years of his decease, and had in the whole been in actual service on board ships employed by the Company for the space of five years, shall be allowed a pension; except as hereinafter-mentioned.

That no child shall be allowed a pension, unless the parents shall have been married before the father ceased to be employed in the Company's service; nor shall any child be allowed a pension, who shall have been born after the father has been granted a pension from the fund.

That the pensions allowed to the children be continued to the males until they attain the age of eighteen years, and to the females until they attain the age of twenty-one years or are married, whichever may first happen. That in case of absolute imbecility or incapacity of body or mind, certified upon oath by some respectable person, the Committee of Shipping may in such case continue the pensions beyond the ages above-mentioned.

That the pensions allowed to children be paid, for their use and benefit, to such persons as the Committee of Shipping may appoint for that purpose.

That no master or mate of a pilot vessel be allowed the pension affixed to each of those stations, unless he shall have served five years in that capacity.

That the amount of any income or property, from whatsoever source arising, which the person applying for relief may possess, either in right of himself or his wife, shall be taken in abatement of, and be deducted from the regulated amount of the annuities which would otherwise be allowed them: that is, if the captain of a regular ship has, either in right of himself or his wife, £100 per annum, he shall only derive from the Fund the difference between that sum and the regulated pension, namely, £50 per annum. That this rate shall apply to all claimants upon the Fund,

whether commanders, officers, petty officers, seamen, surgeons and pursers, their widows and children; and that it shall not be departed from in any case, or on any pretence whatsoever.

That every person who shall be allowed a pension do annually, in the month of June, transmit an affidavit to the Committee of Shipping of the amount of his or her income, or value of his or her property, for the year preceding, arising from sources other than this Fund.

That any person who shall apply for relief, and shall be discovered to have produced a certificate, or other document, forged, counterfeited, or altered, by erasure or otherwise, with a view to impose upon the Committee of Shipping, in order to entitle him or her to a pension, such person shall be incapable of ever receiving any benefit whatever from the Fund.

That if any pensioner upon the Fund shall reside out of the kingdom of Great-Britain and Ireland, without the express permission of the Committee of Shipping, the pension shall cease.

That such pensioners as reside in London, or within ten miles of London, do attend in person at the East-India House to receive their respective pensions; and that no such pension be paid on the authority of a letter of attorney, or order from those persons, except in case of illness or infirmity, certified by medical gentlemen of respectability.

That the pensions of such persons as reside in London, or within ten miles of London, and who shall not attend in person at the East-India House once in twelve months to receive the same, shall cease; unless the Committee of Shipping shall, for reasons which may appear to them proper, permit the pensions to be afterwards continued, which reasons shall be recorded on the minutes of the Committee.

That the pensions of such persons as reside at a greater distance than ten miles from London, with the permission of the Committee of Shipping, be allowed to be paid under the authority of letters of attorney, or orders; provided that certificates be produced to the paymaster, at Midsummer and Christmas in each year, signed by the minister and churchwarden, or minister and elders or churchwardens of the parishes in which the pensioners respectively reside, declaring that the pensioners are then alive, and resident in those parishes.

That orders be allowed to be in force for one quarterly payment only; and that they be deposited in the Pay office upon the pension being paid.

That in the event of any letter of attorney or order appearing to be intended to impose upon the Fund, the same be considered null and void, and the pension be not paid without the special order of the Committee of Shipping.

And be it further enacted, that no person who shall have held any civil or military station whatever, in India, in the service of the said united Company, being under the rank or degree of a member of council or commander-in-chief of the forces,* and who, having departed from India by leave of the Governor general in council, or Governor in council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or native corps of troops, or in the civil line of the Company's service; unless, in the case of any civil servant of the Company, it shall be proved, to the satisfaction of the court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the proprietors assembled in general court, specially convened for that purpose, whereof eight days previous notice of the time and purpose of such meeting shall be given in the London Gazette, or unless, in the case of any military officer, it shall be proved, to the satisfaction of the said court of directors and the board of commissioners for the affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

NOMINATION OF STUDENTS.

Regulations and Preparatory Instructions.

No Candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be nominated to the College.

The parents or guardian of every candidate for the college will be required to address the following letter to the nominating Director:—

“ Sir:—I beg to assure you, on my honour, that my _____, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy, and that he never has been expelled from any place of education. I have the honour, to be, &c.”

By the Act of the 33d of Geo. III. no person can be appointed a writer in the company's service, whose age exceeds twenty-two years; and by the Act of the 53d of Geo. III, all students for the college must remain there four terms;—consequently, no person

whose age exceeds twenty can be nominated as a student. All these terms are probationary, but the first is to be considered as such in a particular sense; and if any student shall not, in the judgment of the college council, give satisfaction in that term, he will not be permitted to return to the college.

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of baptisms of the parish of _____, in the county of _____, contains the date of the birth of my son _____, who is the bearer of this, and presented for a nomination as a student at the East-India College, by _____ Esq.; and I do further declare, that I received the said presentation for my son _____ gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same; and that I will not pay or cause to be paid, either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for my son from the Director above mentioned."

"Witness my hand, this _____ day of _____, in the year of our Lord, _____."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a magistrate, to the following effect, viz.

"I, _____, presented as a student for the East India College by _____, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I make oath and swear, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of _____, in the county of _____, on _____, in the year _____, and that I am not at this time under the age of sixteen, or above twenty years.

"Sworn before me, } "Witness my hand, this _____ day
"this _____ of _____, in the year of our
"day of _____ Lord _____"

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The above-mentioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the candidate, and they are to sign a declaration

thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates are to produce certificates from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein, and also certifying as to their mental ability, disposition, and character.

Candidates will be interrogated in an open Committee of college, as to their character, connections, and qualifications, conformably to the General Court's resolution of the 6th July, 1809.

On a student's appointment to be a Writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3,000, as liquidated damages to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

Misconduct of students at college will be attended with expulsion therefrom; and those who do not pass with credit the final examination will not be admitted into the civil service of the Company. No person expelled the college will be admitted into any line of the Company's service.

At a Court of Directors, held on Wednesday, the 9th August, 1809.
—Resolved, That any person who shall, in future, be nominated to a situation, either civil or military, in the service of the Company, and who shall have obtained such nomination in consequence of purchase, or agreement to purchase, or of any corrupt pretence whatever, either direct or indirect, by himself or by any other person, with or without his privacy, shall be rejected from the service of the Company, and ordered back to England, if he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been so corruptly procured by himself, or with his privacy, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

TERMS OF ADMISSION FOR STUDENTS.

One hundred guineas per annum, for each student; a moiety whereof to be paid at the commencement of each term, there being two in the year, besides the expense of books and stationery.

Students to provide themselves with a table-spoon, tea-spoon, knife and fork, half a dozen towels, tea equipage, and a looking-glass; also, with not less than two pair of sheets, two pillow-cases, and two breakfast cloths.

The Candidates will be examined in the classics and arithmetic, and if they be not found to possess a competent knowledge

of at least two, of the Latin classics, the easier parts of the Greek Testament, and the principles of grammar, as well as the common rules of arithmetic, together with vulgar and decimal fractions, they will be remanded until the commencement of the next term.

Ten guineas to be paid on leaving College by each student, for the use of the philosophical apparatus and library.

BENGAL CIVIL FUND.

Instituted October, 1804.

Managers and Trustees.

H. Mackenzie, C. Lushington,

(Four vacant.)

The chief secretary to government, the accountant-general, civil auditor and the sub treasurer for the time being.

J. Dowling, *Secretary and Accountant.*

Messrs. Paxton and Co., *Agents in England.*

The object of this fund is to provide for the maintenance of the widows and children of such of the subscribers as may not, at their demise, leave property sufficient for the subsistence and education of their families; also to assist in maintaining such of the subscribers themselves, as may be compelled by sickness or infirmity to return to Europe, without an adequate provision for their support.

It is at the option of the civil servants of this establishment, either to subscribe thereto, or otherwise.

The following are the rates of contribution :

If the salary or other public allowances of the subscriber be not more than 1000 sa. rs. per mensem, his monthly subscription to be	<i>Sicca rupees</i> 10
If more than 1000 and not above 2000	20
If more than 2000 and not above 3000	30
If more than 3000 and not above 4000	40
If more than 4000	50

The contribution payable by each subscriber is deducted from his monthly allowances by the sub-treasurer, collector, or other officer, paying the same, and transferred to the treasurer of the fund. The committee of managers may, in particular cases, admit a deviation from it, if a different mode of payment shall be desired by any subscriber.

All applications for admission to the benefits of the fund are to be made to the committee of managers ; and to be accompanied with the necessary information, documents, and proofs, to enable the committee to ascertain the circumstances and situation of the party applying. The managers, after calling for any further information or evidence which may appear to them requisite, are to submit the whole case for the determination of the subscribers, at the next general meeting. In cases of emergency and distress, however, when the managers may consider the claim valid, they are authorised to advance such proportion of the fixed allowances hereafter specified as may appear to them indispensably requisite, until a determination can be passed by the subscribers.

Any subscriber to the fund who may be compelled by sickness or infirmity to proceed to Europe for the recovery of his health, and shall not be possessed of sufficient means to pay for his passage to Europe, and support himself and family during his necessary absence from India, on his making a declaration upon oath to this effect, or otherwise establishing the fact, and producing a certificate of the necessity of his return to Europe, solemnly attested by the surgeon who has attended him, and countersigned by a member of the medical board, with the consequent permission of government for his proceeding to Europe, will receive from the fund a donation, equivalent to the Company's allowance for a twelvemonth to a servant, of his rank when out of employ, viz. if he be a senior merchant, 4000 sicca rupees ; if a junior merchant 3000 sicca rupees ; if a factor or writer 2000 sicca rupees. At the expiration of one year if the party be in Europe, a further donation shall be made to him, on his application to the agents for the fund in England, equal to that advanced to him upon his embarkation from India ; at the exchange rate of two shillings and sixpence for the sicca rupee, viz. £500, £375, or £250, according to his rank in the service at the time of his leaving India. Should the imperfect recovery of his health render it necessary to protract his stay in Europe beyond the second

year; and, besides his own declaration upon oath to this effect, he shall produce to the agents for the funds in England, a certificate solemnly attested by a respectable physician, or other professional gentleman of established practice, that the state of his health has not admitted of his previous return to India, he will, at the commencement of the third year after his embarkation from India, receive, from the agents in England, a donation equal to a moiety of the amount paid to him in the preceding year, and another moiety on a similar declaration and certificate at the end of six months, viz. two years and a half after his embarkation from India, if he be still in Europe, which is to be considered to include all claims whatever upon the fund to the period of his return to India: passage money is granted in cases appearing to require it, in addition to the sums above specified, and in such cases the amount is to be determined by a general meeting of the subscribers.

On the death of any subscriber to the civil fund, who may not be possessed of property sufficient to provide for his family, and may, consequently, leave a wife cohabiting with him, or maintained by him and living under his protection to the period of his decease, without an adequate provision for her support, as hereafter specified; if, on the information, documents, and evidence, which may be submitted by her to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that she is a proper object, a pension is to be assigned to her, under the provisions and limitations stated in the following article. Provided that nothing contained therein, or in any other part of the rules for this institution, shall be considered to entitle to the benefits of it, any widow, who may have been legally divorced or separated from her husband for adultery; or who, at the period of her husband's demise, may have quitted his protection, and be living in a state of notorious adultery, though not divorced or separated from him by law.

First. If the widow, at the time of her husband's death, be resident in India, and be left without an income exceeding one hundred rupees per mensem, a pension to be assigned to her of three hundred rupees per mensem, during her residence in India. If the widow be not resident in India at the time of her husband's death, or shall afterwards quit India, and her income, from her husband's estate or otherwise, shall not exceed one hundred pounds per annum, the pension to be assigned to her to be three hundred pounds per annum.

Secondly. If the income of the widow, resident in India at the death of her husband, be more than one hundred sicca rupees per mensem, but exceed not four hundred rupees, or if the widow be not resident in India at the time of her husband's demise, or shall afterwards quit India, and her income be more than one hundred pounds per annum, but shall not exceed four hundred pounds per annum, the pension to be assigned to her is to be such as will make up her income to four hundred rupees per mensem, during her residence in India, or four hundred pounds per annum in Europe, or elsewhere.

Thirdly. In the event of a widow, to whom a pension may have been assigned subsequently by inheritance, bequest, or otherwise, any property or income which, with the property left to her at her husband's decease, and the pension received by her, may render her total income, including her pension from the fund, more than five hundred rupees per mensem, during her residence in India, or more than five hundred pounds per annum in Europe, or elsewhere, her pension from the fund is liable to abatement, proportioned to the excess of her entire income, including the pension, above the sum specified; or to be altogether discontinued, in the event of her property or income, exclusive of the pension assigned to her from the fund, being equal to the full sum of five hundred rupees per mensem in India, or five hundred pounds per annum in Europe, or elsewhere.

Fourthly. All pension of widows are also liable to discontinuance on their remarriage. But in the event of their being again left in a state of widowhood, without an adequate provision for their support, they may be again admitted to the benefits of the fund, under the same provisions and limitations as on their original admission.

Fifthly. The pensions to widows, who may be admitted to the benefits of the fund, are to be paid in advance half yearly to themselves or to their authorized agents. But the acknowledgment of the widow herself shall be taken for all sums paid in her behalf; and shall contain a solemn declaration that her entire income including the pension received by her, does not exceed the sum limited above.

Widows are, if they have no means of paying for their passage to Europe, supplied from the fund with such sum as may appear requisite for that purpose.

If any subscriber to the fund shall die without the means of providing for his family, and shall consequently leave a child or children, born in wedlock, without an adequate provision for their maintenance; and on the information, documents, or evidence which may be submitted in their behalf to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers, that they are proper objects, an allowance for their maintenance and education shall be assigned from the fund, under the provisions and limitations contained in the following article:

First. If the child or children of the deceased subscriber be left without any provision, the allowance for the education and maintenance of each child, to be granted from the fund, in India or in Europe, is to be according to the age of the child, as follows, viz.

Till five years of age, thirty rupees per mensem in India; or thirty pounds per annum in Europe.

From the commencement of the sixth year, to the end of the eighth, forty rupees per mensem in India; or sixty pounds per annum in Europe.

From the commencement of the ninth year, to the end of the eleventh, fifty rupees per mensem in India; or eighty pounds per annum in Europe.

From the commencement of the twelfth year, sixty rupees per mensem, in India; or one hundred pounds per annum in Europe.

Secondly. If any provision be left by a subscriber for his child or children; or if after his death they shall at any time become possessed of property or income by inheritance, bequest, or otherwise; but not such as to afford the sums specified for their education and maintenance; the allowances to be granted from the fund are to be such as, in addition to the property or income possessed by them, will make up the several sums above specified, according to their respective ages; and as they may be resident in India or in Europe.

Thirdly. In the event of the property or income left to the child or children, of a subscriber, at his demise, or which may subsequently devolve, or be in any wise acquired by them, being such as to afford the full amount specified for their education and maintenance, they are not considered entitled to any allowance from the fund; and any allowances which may have been granted before such accession of property or income are to be discontinued.

Fourthly. The allowances granted from the fund, for the maintenance and education of children, are to be paid in advance half yearly, to their guardians or relatives; or to such persons as may be intrusted with the disbursement of the sums allotted for them, either by the managers of the fund in India, or by the agents to the fund in England; who from time to time are to adopt such measures as may appear necessary for the purpose of ascertaining any accession of property, which would render the allowances from the fund liable to abatements or discontinuance.

Fifthly. The provision so made from the fund, for the maintenance and education of female children, ceases on their marriage, or on their being settled in any profession or employment; and the provision for male children ceases on their being settled in any profession or employment or on their attaining the age of twenty-one years. But any requisite sum, not exceeding five hundred pounds, may be appropriated to the benefit of male or female children by the managers of the fund in India; or by the agents of the fund in England, at the time of their marriage, or of their being settled in any profession.

For children who may be in India when admitted to the fund, and who may be sent to England for their education, with the concurrence of the managers, passage money, if requisite, is to be supplied from the fund, not exceeding one thousand Sicca Rupees for each child. An allowance for passage money, not exceeding one hundred pounds also to be granted if it appear necessary, for the return to India of any children admitted to the fund, who after completing their education in Europe, may return to India.

In all cases of application being made to the fund for assistance to the family of a deceased subscriber, an authenticated copy of the will of the deceased, or if he shall have died intestate, a full authentic statement of any property left by him, and of the legal

heirs thereto, must be submitted for the information of the managers and subscribers. A general meeting of subscribers has full power to reject the application for aid from the fund, where it may appear, that a subscriber, leaving property, has made an improper devise of it, with a view to throw his family upon the fund, or has purposely neglected to make a disposition of his property for the benefit of his family.

Those who may arrive in India, and subscribe to the fund, are considered subscribers from the time of their arrival at Fort William, or from the commencement of any allowances receivable by them as civil servants of the Bengal establishment. But no civil servant of this presidency in India, who may not accept the invitation given to him by the preceding article, within six months after his arrival in India, shall be admitted to become a subscriber.

The contribution of every subscriber to the fund, ceases upon his leaving India, to return to Europe, but in the event of his returning to India, and again receiving allowance from the Company, he is to renew his contribution from the commencement of such allowance.

If a subscriber to the fund, at the time of his retiring from the service to return to Europe, shall have contributed, by his previous monthly payments to the fund, the principal sum of five thousand sicca rupees; or if, on his quitting the service, he shall pay to the fund what may be wanting to complete his contribution to that amount; such contribution shall entitle the family of the subscriber, on his demise, to the benefits of the institution, under the several provisions herein-stated, or such as may be hereafter established, in like manner as if his death had taken place during his residence and actual subscription to the fund in India. The family of any subscriber to the fund, who may die during his temporary absence from India for the recovery of his health, are also considered entitled to the benefits of the fund, under the existing rules of it, whether such subscriber may have contributed more or less than five thousand sicca rupees. In all other cases, if the deceased member of the institution shall not have been an actual subscriber to the fund at the time of his death, and shall not have contributed five thousand sicca rupees to the fund, it shall be at the option of the subscribers to admit his family to the benefits of the fund or otherwise.

If a subscriber to the fund shall be dismissed from the service, he shall cease to be entitled to the benefits of the institution, and his widow and children, shall in like manner, have no claim to the benefit of the institution.—But in such case the amount of his actual contribution to the fund, shall be returned with interest, at the rate of ten per cent. per annum.

If a subscriber shall be suspended from the service, he shall, during the period of his suspension, cease to be entitled in his own person to the benefits of the institution: but in the event of his restoration, he shall be restored to his former rights.

A subscriber suspended from the service, shall however, have the option of receiving back the amount of contributions, in

the same manner as in the case of persons finally dismissed from the service, but if he should take advantage of this clause, he shall cease to be entitled to the benefits of the institution, either for himself or family, as in the case of persons finally dismissed from the service.

If a subscriber, being suspended from the service, shall die during the period of suspension, his widow and children shall be entitled to the full benefits of the institution, excepting in the case of his receiving back the amount of his contribution.

Officers who, under the old regulations, subscribed to a higher rank than their own, have the option of receding to their regimental rank; and when promoted in the service, they shall not be obliged to pay additional donations, till they have passed the rank to which they originally subscribed; but in case of their death, their widows will only be entitled to the pension in the actual rank to which they may be subscribers, at the time of their decease.

Permanent members promoted in Europe to a higher rank, without returning to India, shall be considered as still belonging to the rank in which they retired, and in the event of their death, their widows be entitled to the pension of that rank only.

Should any permanent member return to Bengal, and resume his rank in the army; he shall, in case of promotion to a higher rank than that to which he had before subscribed, be obliged to pay the difference of donation above prescribed, and also the difference of monthly subscription between his former and his new rank, from the first day of the month in which he arrives in Bengal, or subsequent to his promotion.

And such member, on returning to Europe a second time, may become a permanent member in his new rank, by paying a sum which shall bear to the sum which he would have paid if then retiring for the first time (as exhibited in the table,) the same proportion as his present monthly contribution bears to the entire contribution of his rank.

If a member should become a widower, he shall still be considered as a member of the society, provided he continue to pay the monthly subscription of unmarried officers of the same rank; and should he marry again, and from the period of such marriage pay the monthly subscription of a married officer of his rank, his wife will be entitled to the pension allotted to the widow of an officer of the same.

The widows of members shall receive, from the day of their husband's decease, and during their continuance in widowhood, the following Pension, as necessarily formed on the reduction of interest of government paper to 6 per cent.

Pensions in Bengal are paid monthly, by the respective paymasters at the military stations of the army; and at the presidency by the treasurer of the society. Pensions in England half yearly, by the managers in London.

To enable any widow to receive her pension from the paymaster of any military station, she must have a certificate of her having been admitted to the benefits of the fund; and when she changes her station, she must obtain, from the paymaster of the station she leaves a certificate of the period to which she has received her pension, to be presented to the paymaster of the new station where she may choose to reside.

Widows on the fund, when going to England, must take a certificate, signed by the treasurer of the society, specifying the period to which their pensions have been paid in Bengal, and the amount which they will be entitled to receive in England, to be presented to the managers in London on making applications for their pensions.

Widows in Europe must accompany their applications for pensions with a receipt, and a certificate in the following forms:

CERTIFICATE.—“ This is to certify, that Mrs. A. B., widow of
“ C. D. late of the Bengal Establishment, or of H. M. _____
“ regiment, is living in the parish of _____, in the county of
“ _____, in England, Scotland, or Ireland, and, to the
“ best of our knowledge and belief, is in a state of widowhood.

“ Signed by the minister and churchwardens,
“ or by two justices of the peace.”

140 BENGAL. MILITARY ORPHAN SOCIETY.

Should a widow entitled to a pension from the fund reside in any other country, her pension will be paid in London, to an attorney duly authorized by her, on the production of a certificate to the foregoing purport, signed by two persons in the character of parochial clergymen, or of magistrates, in the place where she resides.

All those who are now either members or subscribers to the Bengal military widows' fund, as well as those who may in future become so, shall be at the liberty, at any time, to withdraw their names; relinquishing, at the same time, all claims to the benefit of the institution, and forfeiting to the fund all sums that may have been previously contributed by them, as well as what arrears are due to the period of their withdrawing.

N.B. General officers, colonels, and lieutenant-colonels do not pay any stated monthly subscription, it being left to their own discretionary voluntary contribution.

Regulations for the Admission of Orphans sanctioned by the Army, and ordered to have effect from the 1st February 1819, at a Meeting of the General Management, held the 24th December 1818.

I. That no child be admitted who shall be possessed by inheritance, bequest, or otherwise, of the sum of sicca rupees 7,000 (seven thousand), or an annuity yielding sicca rupees 420 (four hundred and twenty).

II. That no child possessed of any property less than the above sum shall be admitted, unless the amount shall be lodged for its use and benefit in the society's funds.

III. That no child of any subscriber, dying intestate, shall be admitted, if on inquiry there shall appear to have been (after payment of lawful debts, and adequate provision made for the mother) property remaining to the estate, equal to making a provision for, and which might have been bequeathed to such a child.

IV. In any case when an officer may die, leaving a natural born child or children, and possessed of property not sufficient to preclude the children from the benefits of the institution, and such officer shall not by will make such reasonable provision for these children as his circumstances may enable him, such children shall not be entitled to the benefits of the institution.

V. That when, in the will of any subscriber, part only of his children are provided for, and others either excluded by name, or otherwise not noticed in its provisions, such omission arising ma-

nifestly out of the intention of the testator, such exclusion or omission shall be considered to invalidate the claims of all the children on the institution.

VI. That all cases of capricious or unequal provision, which by favouring the mother preferably to the children, or one child in preference to another, shall appear calculated to throw all or any part of a subscriber's family unnecessarily on the fund, shall in like manner, as in the foregoing article, be considered to invalidate the claims of all.

VII. That any provision by will for the widow of a subscriber greater than $\frac{3}{5}$ ths (three-fifths) of the property to be devised when there shall be only one child ; $\frac{1}{2}$ (one-half) where there shall be two, and $\frac{1}{3}$ d (one-third) where there shall be any greater number of children than two ; the remainder being in all cases considered the property of the child, or (in equal portions) of the children, shall be considered unequal, agreeably to the two foregoing Articles, and invalidate the claims of the children accordingly. Provided always, that a provision for the widow, to the amount of 12,000 sicca rupees (sicca rupees twelve thousand), shall not be held to invalidate the claims of the child or children, although such sum may be more than three-fifths, one-half, or one-third of the property devised.

VIII. That in all cases of children born not in wedlock, any provision for the mother exceeding sicca rupees 30 (sicca rupees thirty), if a native ; if European, sicca rupees 50 (sicca rupees fifty) per month, the principal of such sum in all cases to be secured to the child or children, shall be considered in the same light as the above, and invalidate all claims upon the institution.

IX. That subscriptions for the families of deceased subscribers are in all cases to be regarded as available sources of relief to the funds of the society, and in that view are to be considered of, and judged by the foregoing rules, in the same manner as any other disposable property ; *with this only exception*, that, whereas such subscriptions are for a joint benefit, and lodged in the hands of trustees, it shall not be indispensable that the orphans' portions (estimated as above) be paid as capital sums into the society's funds ; but it shall be sufficient that the interest upon them be from time to time duly paid by the said trustees into the society's treasury, so long as the orphans continue an expense to the institution, to be appropriated to their maintenance, whether in Europe or in India.

X. That should such children be allowed to remain with parent or friend, the interest on their said portions will be calculated in part payment of the regulated monthly allowance, the society regularly paying or receiving the balance ; but should they be placed at Kidderpore, or under the management in England, the amount of interest on their several shares (calculated as above) must be paid into the funds of the society, on failure of which payment during a period exceeding 12 months, the said orphans shall be liable to be struck off the books of the institution.

MILITARY ORPHAN SOCIETY. BENGAL. 143

XI. That with a view to obtain the most correct information possible, as well on the foregoing as all other points affecting the interests of those children who may be offered to their guardianship, the general Management will and do expect (besides the customary affidavit) the fullest information from executors and others, and an unreserved communication of testamentary and all other documents, of which nature of the specific cases may admit, and do reserve to themselves the entire right, conveyed to them by their original constitution, of rejecting orphans tendered without such information and documents; or if, on reference to them, there shall appear any evidence of design unnecessarily and intentionally to burthen the fund, by throwing on it those who might and ought to have been otherwise provided for.

XII. That the marriage portion to female orphans shall in no case exceed sicca rupees 2,000; and if the ward claiming the dowry has property to an amount exceeding sicca rupees 3,000, the society will advance a sum that shall increase the amount to sicca rupees 5,000.

Provisional Secretary, Mr. Thos. Rundall, *East-India House*.

This fund, which has been instituted by the Honorable Company's army of this presidency, has for its objects ;

1st.—To provide for the widows and children of officers, left destitute of an adequate maintenance.

2dly.—To enable sick officers, when destitute of other resources, to proceed home for the recovery of their health.

3dly.—To afford to subalterns and captain lieutenants, destitute of other resources, an allowance during their residence at home, which, being added to their pay from the Honorable Company may conduct to their comfort, and to the recovery of their health.

And 4thly.—To enable officers, at home on sick certificate, to return to their duty in India, by granting them, when destitute of other resources, an allowance in aid of their passage-money.

The widows of officers, subscribers to the fund, whose annual income does not exceed a moiety of the under-mentioned pensions, are entitled to receive from the fund the following annuities during their widowhood ; unless their income may exceed the moiety of the annuity to which a widow may become entitled : in which case she will only receive the amount that may remain after such excess has been deducted. They are, however, permitted to marry again without forfeiting their right to resume their annuities, if left destitute a second time, whether their second husband may have been a subscriber, or not : if he has, the widow is entitled to one annuity only, but may take that which will give her the largest income.

The objects of the fund are

To afford subsistence to the widows and legitimate children of medical officers (subscribers to the fund) dying in circumstances of indigence and distress.

To assist medical officers (subscribers) who are obliged to go to Europe in consequence of ill health.

And to afford to the senior officers of the Medical Establishment (subscribers), retiring from the service, annuities for life, under certain limitations, and depending on the state of the funds.

To the widows of all members, whether surgeons or assistant-surgeons, having subscribed prior to the 5th January 1815, who are in the circumstances entitling them to assistance, the Fund grants such sums as will make their income three hundred pounds sterling annually.

To the widows of all surgeons, the same as above

And to the widows of assistant surgeons who became members subsequent to the 5th of January 1815 (unless the deceased shall have been fifteen years an assistant surgeon), the Fund affords such assistance as will make their income two hundred pounds sterling per annum.

To the legitimate children of deceased subscribers, under circumstances entitling them to assistance from the fund, it is granted at the following rates.

To children under six years of age the income is made up to twenty pounds sterling per annum; but if a child have lost both its parents, the sum is made up to thirty pounds sterling per annum, and in the latter case the trustees act as guardians to the orphan.

From the age of six to twelve years the sum is made up to forty pounds per annum, and from twelve years of age till marriage, or until the age of twenty-one years, to seventy pounds sterling per annum.

To subscribers who find it necessary from ill health to go to Europe, and who procure the necessary certificate to obtain the sanction of Government for that purpose, such assistance is afforded as shall enable a surgeon to expend the annual sum of three hundred pounds sterling, and an assistant surgeon the annual sum of two hundred pounds sterling, for a period not exceeding three years (vide Deed).

To the senior subscribers retiring from the service, if the funds admit, annuities are granted of four hundred pounds per annum for life.

Agents for the fund in London, Messrs. Smith, Inglis & Co.
2, Mansion House Place.

This fund, which has been recently instituted by the honourable Company's army under this presidency, on similar principles to that which has been so many years in successful operation in the army of Madras, has for its objects:—

To provide for the families of officers left by their death, destitute of an adequate maintenance, and to assist officers unprovided with aid by the regulations of the service, or from their own resources under such circumstances of urgent sickness, as renders a voyage to England necessary for the preservation of their lives, and to afford such further aid as the funds shall admit in cases of less urgent necessity.

This Institution holds out advantages of so superior a kind, that all the officers of the Bombay army, with a very few exceptions, are become members of it, it is also honoured by the support and patronage of the honourable Court of Directors.

Abstract of the Regulations.

Field officers, when in India, by one payment within six months, and all other ranks by such instalments, as to discharge the total amount within twelve months from the period of their becoming subscribers.

Officers in Europe, desirous of subscribing, shall pay the donation of their respective ranks, together with the arrears of subscription, from the date of the establishment of the Fund (1st. FURLOUGH AND RETIREMENT,

Regulations respecting.

Officers must have served ten years on the island (except in case of sickness, of which satisfactory proof will be required), before they can be allowed a furlough, the period of which is two years and a half, reckoning from the time of their leaving the island until their return to it. During this time they are allowed the pay of their rank.

Officers having served twenty-six years, including two years for one furlough, or twenty-four years without any furlough, are allowed to retire on the full pay of their rank.

The superintending surgeon, when on furlough, is to draw pay as lieutenant colonel; the head surgeon (having served twenty years) as major; surgeon as captain; and assistant surgeons as lieutenant. The pay of these officers on retirement also is regulated in the same manner. The period of servitude to entitle them to which, is twenty-two years, including one furlough.

A chaplain, after seven years service, is allowed to come home on furlough and receive the pay of major. Should he come home from sickness prior to this period of service he is allowed the pay of captain only.

A chaplain, after fifteen years' service, is allowed to retire on the pay of major. After ten years, if his health will not allow him to continue in the service, on the half-pay of major; and after seven years, if prevented by the same cause from continuing in the service, on the half pay of captain.

The Indian Cawney is in proportion to the English Acre as 1 is to 1,3223 or as 121 is to 160.

To reduce Indian Cawnies to English Acres ; multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder by the fractional part of an Acre—Or multiply the Cawnies by 1,3223, and the product (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the Decimal parts of an Acre.

The following Table is constructed according to this rule.

Accounts are kept in Rupees, Quarters, and Reas.

4 Quarters	— 1 Rupee

2 *Reas	are 1 Urdee
4 Reas	— 1 Doogawey, or single pice

50 Pice, or 16 Annas	— 1 Rupee
5 Rupees, or 80 Annas	— 1 Paunchea
15 Rupees	— 1 Gold Mohur

SILVER.

The old Bombay Rupee is the same as was coined at Surat under the Mogul Government.

It weighed 178,213 grains, and contained 1,24 per cent. of alloy. By an ancient agreement with the Nabob of Surat, the Rupee of both Governments was to circulate through both, at an equal value ; while they mutually pledged themselves to keep up the coin to its exact standard of fineness and weight. The Nabob however did not keep to this agreement, for his Rupees were found soon afterwards to contain, instead of 1,24 per cent. of alloy, no less than 10,12, and even 15 per cent. The consequence of this was, that all the Bombay Rupees were carried to Surat to be re-coined, this mint was entirely stopped in its silver coinage for more than 20 years, and the whole of the circulation of silver was occupied by the Surat Rupee.

In this situation of things, the merchants could not afford to coin their bullion here, and Bombay was long without a silver coinage of its own ; when Government, in 1800, ordered the Surat Rupee to be struck in this mint, and since that time the Rupees have been kept at an equal value in both mints. In both, the silver Rupee weighs 179 grains, and contains 7,07 per cent. of alloy.

GOLD.

In the year 1774 the gold Mohur was made of the same weight with the silver Rupee ; it was ordered to be of the fineness of a Venetian, and to pass for 15 silver Rupees. In this coinage therefore 14,9 grains of silver represented one grain of gold ; for such as the proportion between the quantity of gold in this gold Mohur and the silver in 15 old Bombay Rupees. When the Surat silver cur-

rency had occupied our circulation, this proportion, between gold and silver, was quite destroyed; so that gold coined according to the regulation of 1774, was now exchanged for no more than 18 times its weight of silver, and often for much less.

In order to remedy this, and to bring back the coins of gold and silver to nearly their ancient proportions, and their relative value in the market, it was ordered in 1800, that the gold Mohur should be of the same weight as the silver Rupee, that it should contain the same quantity of alloy, and that it should pass for 15 Rupees. At present, therefore, in our coins, 15 grains of silver represent one of gold.

Coins of gold have never circulated as a coin either at Surat or in the Mahratta states on this side of India. They are occasionally carried to those parts, but only as bullion.

The following Table was drawn from actual assays; the first column contains the alloy in one hundred parts of each of the different coins; the second column contains their weight in grains. From these two columns the value of the whole of the coins may easily and with perfect accuracy, be ascertained.

Table shewing the Centesimal parts of Alloy, in various Coins, and their Weight in Grains, &c.

Although the foregoing tables represent the commonly received standard of the gross weights at Bombay and Surat, it is not only impossible to lay down a rule whereby to judge what commodities in the market are separately governed by them; but there is a great variety of articles, too numerous to distinguish here, in the sale of which the foregoing relations do not obtain, particularly with respect to the *Surat Maund*, which, notwithstanding it is said to contain only 40 Seers, or 37 Pounds, 7 Ounces, and 6 Drams, is sometimes 41, 2, 3, through all the intermediate gradations up to 46 Seers: nor is the Candy uniformly confined to 20 Maunds: for example, Pepper and Sandalwood are sold by the *Bombay Candy* of 21 Maunds, and Cotton, the great staple commodity of their market, by the *Surat Candy* of 21 Maunds.

The finest gold among them is 100 touch, called Sycee, i. e. pure gold without alloy: so that if a shoe of gold touch 93, then it hath 93 parts of fine gold and 7 parts alloy.

Gold is bought by 10 tale weight, for upon that quantity they make their price in silver.

When gold is sold above or under touch, you must add to, or subtract from the touch. As if it touch 96, and is to be sold at 4 under touch, then from 96 take 4 the remainder is 92; then is 9, two-tenths of silver to be paid for one of that of gold. If gold is at 96 touch, and to be sold at 8 above touch, then add 8 to 96, the sum is 104; then are 10, four-tenths of silver to be paid for one of gold.

In China all sorts of provisions, as milk, fowls, hogs, greens, &c. re-sold by the Catties.

INSANITY.

PEMBROKE HOUSE, HACKNEY,

For the Reception and Medical Treatment of Insane Persons,
Established and carried on by

DR. GEORGE REES, No. 49, FINSBURY SQUARE,

Member of the Royal College of Physicians, Author of Practical
Observations on Disorders of the Stomach, &c.

AND

PHYSICIAN TO INSANE PERSONS RETURNING FROM INDIA,

Under the Patronage of the

HON. EAST-INDIA COMPANY.

THE high encomium which has been paid to the management of this Establishment, in the late investigation into the state of Mad Houses by the House of Commons,* and the distinguished patronage of the HON. EAST-INDIA COMPANY, render it unnecessary to say any thing more in its favor. It will be sufficient therefore to add, that the number is limited, the Patients are select, the advantages are considerable, and the terms reasonable, and that *three-fourth of those already admitted have been restored to health and reason.*

Further Particulars may be known by applying either at *Pembroke House* or in *Finsbury Square*, where Dr. Rees attends on Tuesday, Thursday, and Saturday Mornings, from Ten to Twelve.

Male and Female Attendants, of approved experience, sent to any part of the Kingdom.
